ANNOUNCEMENTS.

To the Voters of Sedgewick County.

I am a candidate for the office of county

superintendent, subject to the decision of the

people at the polls. Men have been given

literary offices in this county because they

were disabled in the service of the country.

If this be the precedent for office, I left

father and brothers on the field of battle who

fell in defense of the Union, and because of

their irreparable loss, my whole life's aspira-

tions and ambitions were forever disabled,

even an education was obtained by a terrible

struggle against fearful odds. The field of

competition for women is limited, though the

harvesters are many. I respectfully ask your

support on the ground of merit alone.

Mrs. M. E. LEASE.

To the Editor of the Eagle.

Please announce G. W. Stensrud as a

candidate for Representative of the Sixth District

subject to the decision of the people at the

polls.

Mr. H. R. Runcie has been on the sick list

for some days.

McAvoy, the great Fenian orator, at the

opera house tonight.

Instruction, entertainment and a pleasant

hour tonight at G. A. R. hall. Come.

Tickets for sale by all the boys for the Mc-

Avoy lecture tonight at G. A. R. hall.

Frank Miller, of the firm of Wheeler &

Miller, pioneer merchants of the new and

thriving town of Hampton, called at the

Eagle office yesterday.

Mr. D. P. Alexander, who, with his wife,

has gone down to Belleville, Illinois, for a

short visit, has a proposition to build a

street railway in Peoria.

Home rule and down with the Moors. En-

glish in the Mexican war at the Grand Army

hall tonight by one of the Emerald Isle's

most brilliant orators. Tickets of any of the

boys.

Miss Clara Hoffman accidentally fell off the

elevator sidewalk in West Wichita yesterday

and received, it is feared, serious injuries.

She is from Leavenworth, Missouri, and is visiting

Mrs. Philip M. Bond.

The residence being built on North Fourth

street by Dr. H. O. Burleigh, of which

contract was made yesterday, are to cost \$12,000

each. They are to be three stories each

above a high basement.

Mr. J. Wilson of Staunton, Virginia, is in

the city on a prospecting tour. He seems to

be well pleased with the city and surround-

ing country. He, like all the rest, is led to

exclaim how slow is the pace when compared

with the west.

James Davidson, whom everybody in

Wichita knows, who is merchandising in

THE W. & T.

Wichita to Have Another New Rail-

road Called the Wichita &

Trinidad.

The Company Commences Work with a Capital

of \$5,000,000—The New Road to Pass

Through a Rich Country and No

Competition.

Wichita is said to be ready to hear any

good news without ever being in the least

surprised. For some days it has been known

to the Eagle that a new railroad was on

deck, but matters were in such a shape that

those concerned in managing the affair did

not wish its publication. Yesterday as

actual work commenced it was adjudged

safe for print.

This new road is styled the Wichita &

Trinidad. It will be 444 miles long with 370

miles in this state. The route as proposed

runs from this city southerly to Sumner and

through the latter county and Kingman

Harper, Barber, Comanche, Clark, Mead,

Seward, Stevens and Walton counties. It

will cross the Ft. Scott road near Olathe,

and at Norwich the Leroy & Western,

and the D. M. & A. As will be seen from

the map, these lines are crossed at such an

angle as to make no competition for the

new road, which, in the minds of its

friends, is no small matter, to take into con-

sideration. Their general direction is north-

west, while that of the new line is southwest.

It will, it is claimed, open up one of the

richest sections of the state.

The franchise of the company was

granted on the twentieth of

this month. The following are the in-operators:

A. C. Goss, of Boston; R. J. Simpson,

of Anthony; William Kip, Joe Broadbent and

M. Walser, of Wichita, and H. Dalhoff, of

Edwards. The directors of the road for the

coming year are Messrs. R. J. Simpson, Wil-

liam Kip, Joe Broadbent, M. Walser and H.

Dalhoff.

Mr. William Kip is president of the com-

pany and Mr. R. J. Simpson vice-

president. Mr. Joe Broadbent is chief

engineer. Work was commenced

yesterday on locating the road. The transit

was placed over the point on the south side of

Douglas avenue, which is intersected by the

central line of Mead avenue. The line runs

south to the southern limits of the city, and

then veers to the west and crosses the Arkan-

sas a short distance above the Lawrence ave-

nuce bridge. At that point they found a

good crossing. The corps located four miles

yesterday.

Orders have been given to run to Medicine

Lodge, which will occupy the corps

nearly a month. It is expected that

on reaching that point instructions will be

given to go ahead with the work. The corps

is composed of eleven men, and they will

push the work rapidly.

It is not yet settled when grading will com-

mence, but it is expected that it will not be

long. It is the intention of the company to

commence laying iron this fall. A train load

of cross-ties arrived yesterday over the

Frisco road for the W. & T.

The company will have its headquarters at

this city. It will commence building the

line at this place.

It is understood that an old railroad com-

pany is the power behind the throne.

The funds for building the new line will be

furnished by it. What company it is that is

connected with the affair will for the present

be allowed to remain a secret.

The company commenced work before af-

firming anything to go in print concerning

the enterprise. It has not raised a very large

sum of money, but it is said none will be

asked from this county. It is proposed to

build their road with their own money as

far as Sedgewick county is concerned.

HE TOOK MORPHINE.

Last evening near 6 o'clock the clerk at the

Riverside hotel discovered that one of their

guests, Mr. S. P. Beach, was in what seemed

to be a dying condition. He was yet con-

scious and able to speak distinctly. He

said he had taken ten grains of morphine

near 3 o'clock, with the intention of commit-

ting suicide.

Medicinal aid was called immediately, and at

a late hour last night he was yet alive, but

his life was almost despaired of.

He, in company with Lease, arrived in the

city Tuesday evening from Ft. Scott, but it

is claimed that he came there from

Sciota, Missouri, and originally from Chi-

cago. Both of them were carpenters and

came here, it is claimed, to get employment.

They had drunk too deep in the festive

hour of the night of their arrival and yesterday

morning Mr. Beach was complaining of an

unusually tight head. While he was in that

depressed condition he went to the West

End drug store and bought the deadly drug.

Before taking it he wrote on the envelope

that contained it: "The clerk is not to blame

for this."

He assigned no excuse for his strange ac-

CARLISLE'S ADDRESS.

The address of Hon. John G. Carlisle, at the

opera house last evening was attended by a

very large audience, comprising many la-

dies, and representative men of the city and

county of all political parties.

The K. of P. band discoursed music while

the crowd was assembling. About 5:30 the

speaker with his son, W. K. Carlisle, was

escorted up the main aisle by Capt. Cary to

the stage, where these gentlemen, together

with B. K. Brown and P. W. Healy took

seats.

After an introduction by Dave Dale, who

was called upon the stage to act as president

of the meeting, Mr. Carlisle

commenced his address by saying,

"My visit to Kansas was intended to be

entirely disconnected with politics. I did

not intend making political speeches, but I

could not refuse the invitation to address

you for a short time, at least, this evening

over the live issues of the day."

He then stated that although there is no

national contest, yet many members of the

house are soon to be elected. And such a

time gives a better opportunity for the cool

discussion of the issues dividing political

parties than the heat of a presidential cam-

paign.

Although a nation comprised of different

political parties, yet all were prompted by

the same love of country. Liberty of

speech and press was allowed, and he had

no hesitation in expressing his

opinion as a Democrat.

No one, he says, can find the truth by

abandoning his opinions; it is better to com-

pare opinions and by arguments find out

who is right.

There never was a more favorable time

for discussion of issues affecting the people.

For many years before the late war slavery

covered all other questions. Here on the

plains of Kansas the conflicting forces met

and the state was baptized in blood, the first

shed for the emancipation of
